Engagement Announced.

Most elaborate in all its appointments and floral decorations was the handsomely appointed 1 o'clock luncheon given on Saturday afternoon by Mrs. Samuel R. Harrison, to announce the engagement of her daughter, Miss Mary Genevieve, to Mr. Albert F. Lohm.

The beautiful old colonial Harrison home at Broad Oaks surrounded by its spacious lawns and forest trees was an ideal spot on this charming May day. The rooms were filled with fragrance of varied blossoms and flowers, which were used in profusion on mantel shelf and in groupings of baskets, snowballs and ropes of smilax and ferns. The breath of spring seemed to penetrate the air.

The guests were seated at small tables scattered through the spacious rooms of the old homestead, while at a larger one in the dining room covers were placed for the girls of the younger set. A large mound of LaFrance roses and sweet peas augmented by a true lover's bow of pink mine, formed the table's centerpiece, while the smaller tables held shepherdess baskets overflowing with pink roses and ferns with bows of pink satin ribbon in which were enveloped dainty cards bearing the names of Miss Mary Genevieve Harrison and Albert F. Lohm. Place cards of roses in water color design were arranged at each cover.

The bright sunshine of the afternoon and the charming costumes worn by the women and girls enhanced by the elaborate floral decorations, under the soft glow of the waxen tapers, presented a brilliant scene not soon to be forgotten by the many guests in attendance.

Miss Harrison is a granddaughter of the late Judge Thomas W. Harrison, who was for many years prominent at the bar.

The marriage of Miss Harrison and Mr. Lohm will be solemnized in the early autumn.

The out-of-town guests were Mrs.

Lafayette Lohm, of Deer Park, Md., and Mrs. Ralph Kuntz, of Grafton.

LOSS OF APPETITE

Most Successfully Treated by Taking
Hood's Sarsaparilla.

Loss of appetite is accompanied by loss of vitality, which is serious. It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what is absolutely necessary for the proper performance of their functions.

Hood's Sarsaparilla, the old reliable all-the-year-round medicine, is especially useful in the spring. Get it from your druggist today. By purifying and enriching the blood and giving vitality, vigor and tone, it is wonderfully successful in the treatment of loss of appetite and the other ailments prevalent at this time. It is not simply a spring medicine—it is much more than that—but it is the best spring medicine.

Hood's Sarsaparilla makes the rich red blood the digestive organs need.—Advertisement.
